Lolly is an 7kg Yorkshire female, spayed. She was taken from Clarens at the beginning of June 2026 by a couple in a blue vehicle. She is somewhere in a smaal Karoo town
where it is flat (no physical landmarks) in a small yard with a wire fence around a rectasngular white house with no garden. There are chickens in the yard. She is a lively girl who likes playing, hunting mice and rats, stalking Hadedas and loves sunning her tummy. She is quite independent, but she is getting frustrated by inactivity and boredom. Her left ear is slightly higher than het right ear. She is friendly and doesn't mind being picked up. Reward (no questions asked) R3000
