This is my cat Sammy, missing from Ysterhout Street, Dalpark Proper since 11 August. I cant tell if he's being fed or taken care of anywhere else, but he always knows where home is. He's never left home this long and its brought anxious feelings to all of us. We are heartbroken. If you live near the area, please check your garages, closed off spaces or anywhere you could find a cat. He is chipped and have a collar. Please, if you see this cat, message me contact me on 0723813571. Thank you for your time!
