This Morning we let our dog out at 5 , by 6 this morning we realised someone opened our gate, and our dog is gone. we live in a gated community - but the main gate was
also somehow opened. We don't know if our dog is stolen or if someone led him out the gate on purpose to stealing him. We searched everywhere, went to AACL and also
the local Vets and SPCA. we have asked on Facebook om Hammersdale community and no one has notified us or seen anything yet, our dog is quite old he is 8 years old.
He is not a dangerous dog and Will let people pet him. Please if anyone knows anything please let us know. 0764488121 Kind regards
